The sprinkler can be detached at will and when the truck is busy the horses are used.

He was overtaken by a good Samaritan who connected the automobiles with a rope and once more Mr. Little proceeded on his way, until he reached the foot of Falls hill in the Williamstown gulf.

There the rope broke and the car stopped although Mr. Little's guide kept going until it reached Barre, where the driver stopped at one of the garages to unfasten the damaged car, and much to his surprise learned the automobile and its driver were missing.

Immediately upon finding the car and driver gone, he returned to find out the place that the car had broken loose, driving back as far as the gulf, there to find the owner in a very perplexed state of mind as to what to do in order to reach a garage where he could have the auto repaired.

Mr. Little said that the rope broke when they began to climb the hill and he could not make the driver hear when he saw that he was being left behind.

We Have Some Good Values in Used Cars

- 1 Hudson Six-54, all overhauled and new tires.
- 1 Hudson Four-37, all in good condition.
- 1 Studebaker, to be sold at a low price.
- 1 Ford roadster, one of those low racers.
- 2 Ford Touring Cars, newly painted and in good condition.

Also several other cars not mentioned.

Something New on Tires

We have had a good many calls for a low-price tire, and at last we have found a tire that we consider an exceptional value. They are in Non-Skid only, no plain treads. They are not seconds, but first quality. We offer them at the following prices, and they are sold for cash only.

Non-Skid. With 3500-mi. guarantee. Without guarantee.		
30x3	\$11.25	(Same tire) \$8.60
30x3 1/2	13.60	10.25
33x4	19.50	14.10

We offer you the opportunity of buying these tires with or without our guarantee. This principle is fair to you and fair to us. The fact that they are good enough for us to guarantee is conclusive proof that they are not the usual cheap tires made to sell at low prices.

Write us, phone us, or come in and see us when you are in need of tires or anything in the auto line. We carry a big line of accessories, by far the largest ever carried in this territory.
